Notes:-

INTERSTATE MIGRATION. The State showed a net loss of 5,001 migrants to other States in 1928, and for the first six months of 1929 the loss was 2,722 mainly to Western Australia and Broken Hill.

Broken Hill- The figures shown for Broken Hill are also included in the totals for New South Wales.

OVERSEA MIGRATION. June Quarter- United Kingdom; Arrivals from- 252; Departures to - 547; Loss 295. The Decrease since 1927 and 1928 is due to a falling off in the arrival of permanent migrants. The numbers of travellers temporarily visiting in and out fairly balance.
